***Response to Amendment***

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

***Claim Rejections - 35 USC § 103***

2. Claims 11-15 are rejected under 35 U.S.C. 103(a) as being unpatentable over Langlois (US PAT # 5,295,138) in view of Samba.

The rejection of the claims in the previous office action (paper # 9) based on based on Langlois in view of Samba is hereby incorporated by reference.

The difference between the claims and the combination of reference is that in the claims, a switch is connected to "only" other switch, while in Samba, (Fig. 2) a switch, C1 is connected to 2 switches (A, B). That is, Samba has more connections and options than the claimed invention. Having more connections and more routing options is desirable but may be costly. Obviously, only one connection may be provided for each switch, if needed. There is o criticality in using fewer connections, as claimed. Fewer connections, again may be for economical reasons and for faster connection (less time for selecting one of a plurality of connections).

***Response to Arguments***

3. Applicant's arguments have been fully considered but they are not persuasive.

Applicant's arguments have been addressed above.

***Conclusion***

4. This is an RCE of applicant's earlier Application No. 09/743,774. All claims are drawn to the same invention claimed in the earlier application and could have been finally rejected on the grounds and art of record in the next Office action if they had been entered in the earlier application. Accordingly, **THIS ACTION IS MADE FINAL** even though it is a first action in this case. See MPEP § 706.07(b). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no, however, event will

Art Unit: 2642

the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
